HAVE YOU GIVEN US ALL OF THE NECESSARY INFORMATION?

Predicted Grades – you need to provide us with your predicted grades so that we can ensure you are applying for a suitable course and level. For A Level applicants, where this is not provided your application will be put on hold.

Fee Status - We may ask you to complete and return a Fee Status questionnaire based on your Nationality or your right to remain in the country.

Are your course choices right for you? - where your predicted grades indicate that the course choice(s) are not appropriate, we reserve the right to amend this, where a suitable choice is available within the same area.

APPLICANT EVENT

In order to secure a place at Loughborough College, you must first attend an Applicant Event for your chosen course(s). Your invite will be sent via email so please ensure you check your spam/trash folders regularly.

Where you are unable to attend, it is important that we are notified beforehand (details on how to do this will be included in the email invite) so that we can invite you in to the next available event

N.B. If an applicant doesn't attend two events in a row, without notifying us beforehand, then we will automatically assume that they are no longer interested and their application will be withdrawn.

4

OFFERS

After attending an Applicant Event, the course leader will make a suitable course offer and this will be sent out to you. In order to secure a place on the chosen course, the acceptance of place form must be completed and returned to us within the **specified** timeframe.

Applicants who do not accept their offer may still be considered, however priority will be given to those who accepted their offer in the **specified** timeframe.

PRE-PROGRAMME

In order to secure a place on the chosen course, students must then **attend** a Pre-Programme experience (taster day) OR notify us with a satisfactory explanation as to why they are unable to attend. These events are **likely to be** in **late June/early July** and they are really important for students to attend to enable them to get a taste of what being a student at Loughborough College is like.

Sadly however this event is not aimed at Parents/Guardians/Carers. Sorry - all the fun goes to our students for this one!

Demand was so great for an impressive display of work produced by students, in lessons which also help them develop valuable life skills, that it sold out in moments.

"The Transitions students had a great time producing a range of work and were justifiably proud of the standard of craftsmanship. The speed everything disappeared on the day and the endless positive comments from people certainly backed that up," said Loughborough College Woodwork Lecturer Tom Hickey.

"The bird boxes were very popular, as were the planters and seating, but the most successful product was the giant Connect 4 game - so we're looking at creating a giant Jenga for our next sale. The students were also very excited about representing the College with a Christmas tree for the annual Loughborough Community festival, which was displayed in the All Saints with Holy Trinity Church.

"We're looking forward to welcoming students back and to meeting our new learners to begin work on that – and to introducing the opportunity for them to achieve City and Guilds qualifications in both working safely and enterprise. "This formalises the life skills students develop in lessons and through the sales. They do everything from identifying materials and developing their own design right through to producing the product. As part of the new qualification they will also be advertising their work.

"The planning process is excellent for literacy and also helps them build their time management and target-setting skills. Measuring during design and creation is brilliant for numeracy while reflecting on outcomes against their initial plan improves their ability to assess their capabilities and capacity.

"Being stretched and challenged in this way helps the students learn to self-manage and take ownership and all this supports them in successfully transitioning into the world. It's all very fulfilling for our learners.

"They were thrilled to raise £250 from the sale, which will help us buy materials for future projects – and we even took orders for next term."
