★ Not eligible for free funding, however Advanced Learner Loans are an option instead

This information is based on current government funding guidelines for September 2024 entry, and are subject to change at any time.

PLEASE NOTE:

The table provides generic funding guidance.

To ensure that you are entitled to funding, we will fully assess your eligibility prior to enrolling you.

Please ensure that you provide all prior qualifications held when asked to do so, as the college will retrospectively charge tuition fees should differing circumstances come to light.

Some courses are defined as full cost and as such do not qualify for free tuition.

Other courses are also not eligible for adult funding.

All of the above information applies to students who have resided in the UK/EEA for the past 3 years and are eligible for home funding.

# APPLICATION PROCESS

2  1

## APPLY

The first step in joining Loughborough College is to **submit an application form**, this can be done online or via a paper form. After receiving this, we will acknowledge receipt of your application.

## HAVE YOU GIVEN US ALL OF THE NECESSARY INFORMATION?

**Predicted Grades** – you need to provide us with your predicted grades so that we can ensure you are applying for a suitable course and level. For A Level applicants, where this is not provided your application will be put on hold.

**Fee Status** – We may ask you to complete and return a Fee Status questionnaire based on your Nationality or your right to remain in the country.

**Are your course choices right for you?** – where your predicted grades indicate that the course choice(s) are not appropriate, we reserve the right to amend this, where a suitable choice is available within the same area.

 3

## APPLICANT EVENT

In order to secure a place at Loughborough College, you must first **attend an Applicant Event** for your chosen course(s). **Your invite will be sent via email** so please ensure you check your spam/trash folders regularly.

Where you are unable to attend, it is important that we are notified beforehand (details on how to do this will be included in the email invite) so that we can invite you in to the next available event.

*N.B. If an applicant doesn't attend two events in a row, without notifying us beforehand, then we will automatically assume that they are no longer interested and their application will be withdrawn.*

# 4

## OFFERS

After attending an Applicant Event, the course leader will make a suitable course offer and this will be sent out to you. In order to secure a place on the chosen course, the acceptance of place form must be completed and returned to us within the **specified** timeframe.

Applicants who do not accept their offer may still be considered, however priority will be given to those who accepted their offer in the **specified** timeframe.

# 5

## PRE-PROGRAMME

In order to secure a place on the chosen course, students must then **attend** a Pre-Programme experience (taster day) OR notify us with a satisfactory explanation as to why they are unable to attend. These events are **likely to be in late June/early July** and they are really important for students to attend to enable them to get a taste of what being a student at Loughborough College is like.

*Sadly however this event is not aimed at Parents/Guardians/Carers. Sorry – all the fun goes to our students for this one!*

# 6

## REGISTRATION AND ENROLMENT

First you will be invited to complete an Online Registration, where you will be asked to log in and provide us with your personal details. You must also provide us with ID evidence and an appropriate photograph of yourself for your student ID badge.

Then on **National Results Day (Thursday 22nd August 2024)** you will be asked to log in again and upload proof of your results.

On, or shortly after, National Results Day you will be invited in to a Sign Up event with your chosen course area and this is where you formally sign up for your course. You will meet with a member of the teaching team who will assess your results and discuss appropriate courses.

*If you do not get the grades that you are expecting then please don't worry! We will work with you to help you find an alternative option.*

## ROBBIE STAPLEFORD

**“ I chose to study the Level 3 Extended Diploma in Esports, Enterprise and Entrepreneurship at Loughborough College because it has a great reputation nationally for sports and esports.**

My course is very enjoyable and so varied, Esports is something I do on a day to day basis as a professional sim racing driver, so to have a course at college that allows you to learn more about esports and what is available in the sector is amazing.

My highlights have definitely got to be the trips I have been on. We have been to Williams Esports headquarters to see how an esports organisation operates and to the College of Esports to understand higher education opportunities after my course. We have also had fun trips including ice skating, bowling and Alton Towers.

I was lucky enough to win the National British Esports Sim Racing Championship and represent the college on a national level, which was an amazing experience. The college has given me incredible support have been very accommodating and flexible with my programme of study and my sim racing calendar.

The facilities at Loughborough are incredible for esports, everything you need and could possibly want is there and you have access to them at any point you need. I would recommend people do the Esports course at Loughborough, as you learn various skills that are very valuable in today's world such as content creating, video editing and entrepreneurship.

My future plan is to take the skills I have learnt at college to start creating content to put alongside competing in Esports.

**“** I am on the Level 3 BTEC Foundation Diploma in Sports Coaching and Development course at Loughborough College. I chose the course because of the reputation that Loughborough College has throughout history when it comes to turning young people like myself into successful adults in the future. After going to the open days, pre programme events and speaking to former learners, it made the decision easier for myself.

The sports facilities are extremely good and are useful for not only practical sports lessons, but also for any academy athletes studying at the college. The facilities here will definitely improve your physical abilities and skills, for your chosen sport.

My advice for any upcoming learners would be to focus on your GSCE's

especially your English and Math because they'll prove to be vital to getting into college at the level you want to! Otherwise, you'll have more lessons/work to do if you have to resit them. Also, I would advise doing all assignments on time and to a good standard because it will impact the overall grade you can achieve at the end of the subject.

My final bit of advice is that you need to be dedicated to your work. Doing things such as being late to class or skipping out parts of your work will often impact your end result as you only have a certain amount of time with your teachers in a week. If you are successful in getting a spot in one of the sport academies, then you'll have early and late starts to fit everything in. So you need to be dedicated to achieve in all aspects. Apart from that have fun at all times as it's a amazing experience, so take it in.

## LOUGHBOROUGH SU ATHLETIC UNION CLUBS

When you join Loughborough College you can become a member of Loughborough Students Union (LSU) allowing you to join any one of their 57 sporting AU clubs. Loughborough College learners can train with the sport teams across the road at the university (if your ability is good enough, which will be assessed at trials) but they can not compete in BUCS competitions. There are added costs to access these clubs.

Further information can be found here:

## ESPORTS SUITE

Our new Esports suite and Sim Racing rooms aim to help students level up their gaming and business skills.

The Esports Suite has been kitted out with around 24 top-of-the-range gaming PCs, big screens and gaming equipment to support students on the College's new Esports BTEC Level 2 and 3 qualifications. The room is also home to the College's new competitive Esports team, the Loughborough Lycans which will compete nationally in a range of competitions and tournaments.

## MOTORSPORT UK NATIONAL SIM RACING PERFORMANCE CENTRE

**WILLIAMS**  
ESPORTS

We have teamed up with Williams F1 and Motorsport UK to deliver new opportunities to budding drivers as part of a unique education partnership. The partnership will form the Motorsport UK National Sim Racing Performance Centre supported by Williams Esports based here at the college.

The nationally leading initiative will enhance our current performance pathway programmes for young, talented drivers and enable the partners to share their expertise and experience to ensure the best possible education is provided to learners.

# FAQs

## **I NEED EXTRA SUPPORT WITH MY STUDIES. WHAT HELP CAN I GET AT LOUGHBOROUGH COLLEGE?**

There are staff on hand to help you with your academic progress. Our specialist advisors can also help with additional requirements, and we have a fantastic team of learning support assistants who can provide in-class assistance.

## **WHAT FUNDING IS AVAILABLE FOR TUITION FEES?**

There are no tuition fees for full-time students under 19 who are enrolled on a Further Education course. If you're over 18, see page 3 for guidance.

## **WHAT HAPPENS IF I DON'T GET THE GRADES I WAS EXPECTING?**

If you don't get your predicted results, don't panic! Our Student Recruitment team is on hand to help, and we'll make sure that we find another course that is suitable for you.

## **CAN I WORK A PART-TIME JOB WHILST STUDYING?**

We recommend no more than 8-9 working hours per week. Research has shown that 10+ hours can negatively affect academic achievement, so make sure you're prioritising correctly.

### **CAN I SPEAK TO SOMEBODY ABOUT THE COURSES YOU OFFER?**

Yes, we have a dedicated Student Recruitment advisory team who will be happy to provide you with the information on our courses and answer any questions you may have. Give us a call on **01509 618375** or e-mail us at **admissions@loucoll.ac.uk**

### **DOES THE COLLEGE OFFER FINANCIAL HELP?**

We offer a bursary fund to help with additional costs associated with your course, such as transport, kit or uniform, and childcare costs. Eligibility is based on household income. You don't need to request a bursary application form, as they are sent to everyone who has applied to study with us (usually in July/August). Further information is available here: **[www.loucoll.ac.uk/student-services](http://www.loucoll.ac.uk/student-services)**

### **CAN I CHOOSE TO DO ANOTHER COURSE IF I CHANGE MY MIND?**

Yes. You can change your course before enrolment by contacting the Student Recruitment team on **01509 618375**.

If you've already started your course and find that it isn't right for you, don't worry; there will be opportunities for you to discuss suitable alternatives.

### **WHAT'S THE DEADLINE FOR SUBMITTING AN APPLICATION?**

As a college we would advise you to try and apply by Friday 26th April 2024. This will allow you to get the most out of what we can offer you, helping you to make the important decisions about the courses you're interested in. We will however continue to consider applications made after this date.
